SILT FENCE INSTALLER

EDGE® SILT FENCE INSTALLER

The EDGE silt fence installer is a unique attachment that allows silt fencing to be installed effectively and effortlessly by a single operator. The silt fence installer has a single-fold design for ease of material loading.

OPERATIONAL BASICS

The EDGE silt fence installer features a unique pivoting design which allows installation around tight coerns and coulter cuts through grass or sod for easy installation of silt. One machine size handles 36" (914 mm), 42" (1067 mm) and 48" (1219 mm) fabric rolls.

SPECIFICATION

Model	Weight (lbs/kg)	Fabric Roll Width (in/mm)	Pivot (degrees)	Digging Depth (in/mm)	Offset (in/mm)
SFIS	650/295	36-48/914-1219	40	20/508	N/A
SFIT (3-Pt. Mount)	825/374	36-48/914-1219	40	20/508	N/A
SFIT72	1260/572	36-48/914-1219	40	20/508	72/1828
SFIT84	1305/592	36-48/914-1219	40	20/508	84/2134

FEATURES

- Install thousands of feet per hour
- Pivots 40 degrees right and left for tight turning radius
- Available with offset mounts for installation close to obstacles
- Shear-bolt to protect machine from damage
- Built rugged for erosion control professionals
