

EDGE® TRENCH FILLER

Covering 60' (18.3 m) of open trench in 60 seconds is now possible with the EDGE trench filler. It eliminates tearing of the turn because the compact loader can straddle the trench and cover it in one pass.

OPERATIONAL BASICS

The EDGE trench filler is a necessary tool for large backfilling jobs. The triple flighted auger quickly moves materials. This unit is available in right offset, left offset or centered models. The EDGE trench filler comes complete with mount, hoses, and flat face couplers.

SPECIFICATION

Model	Weight (lbs/kg)	Overall Width (in/mm)	Hyd. Req. (gpm/lpm)	Working Width (in/mm)	Auger Dia. (in/mm)	Overall Height (in/mm)	Trench Position
TFC54	350/159	66/1676	6-20/22-75	54/1372	12/302	19/485	Centered
TFL54	350/159	66/1676	6-20/22-75	54/1372	12/302	19/485	Left
TFR54	350/159	66/1676	6-20/22-75	54/1372	12/302	19/485	Right

FEATURES

- Backfill trenches as fast as 60' (18.3 m) per minute
- Reduce tearing of turf while saving time
- Triple flighted auger quickly moves materials
