

MANURE SCRAPER

EDGE® MANURE SCRAPER

The EDGE manure scraper is an essential tool in agricultural applications. They are great for cleanup work, and can be used for other applications such as flood cleanup as well.

OPERATIONAL BASICS

The EDGE manure scraper is an excellent tool for cleanup in free-stall barns. The backdrag allows it to efficiently clean out corners and pull material away from walls. This attachment features reversible 1.5" thick by 10" high rubber compound edges.

SPECIFICATIONS

Model	Weight (lbs/kg)	Overall Width (in/mm)	Overall Height (in/mm)	Depth (in/mm)
72SBD	670/304	72.8/1849	25/635	52.2/1326
84SBD	725/329	84.8/2154	25/635	52.2/1326
96SBD	785/356	96.8/2459	25/635	52.2/1326

FEATURES

- Deeply angled design gathers and holds material
- One piece reversible rubber compound edges eliminate spillage
- PULLback edge comes standard for cleanout of corners and edges
